

DRAFT List of Amphibians and Reptiles of Harbor Park DRAFT

Documented and/or probably present

southern alligator lizard (*Elgaria multicarinata*)
western fence lizard (*Sceloporus occidentalis*)
western skink (*Eumeces skiltonianus*)
ring-necked snake (*Diadophis punctatus*)
common kingsnake (*Lampropeltis getula*)
gopher snake (*Pituophis catenifer*)
Florida banded water snake * (*Nerodia fasciata pictiventris*)
snapping turtle * (*Chelydra serpentina*)
pond slider (turtle)* (*Trachemys scripta*)
spiny softshell (turtle)* (*Apalone spinifera*)
bullfrog * (*Rana catesbeiana*)
garden slender salamander (*Batrachoseps major major*)
western toad (*Bufo boreas*)
Pacific treefrog (*Pseudacris regilla*)

Possible occurrence at this time

side-blotched lizard (*Uta stansburiana*)
western black-headed snake (*Tantilla planiceps*) dry upland scrub/chaparral habitat
two-striped gartersnake (*Thamnophis hammondi*)
southern Pacific rattlesnake (*Crotalus viridis*) dry upland scrub/chaparral habitat
Pacific pond turtle (*Clemmys marmorata*)
arboreal salamander (*Aneides lugubris*) mesic microhabitat
Monterey salamander (*Ensatina e. eschscholtzi*) mesic microhabitat
African clawed frog * (*Xenopus leavis*) open water

Known to be or most likely extirpated

California legless lizard (*Anniella pulchra*) sandy soils
western banded gecko (*Coleonyx variegates*) dry upland scrub/
chaparral habitat
coast horned lizard (*Phrynosoma coronatum*) dry upland scrub/chaparral habitat
orange-throated whiptail (*Aspidoscelis* [Cnemidophorus] *hyperythrus*) dry scrub/chap. habitat
coastal western whiptail (*Aspidoscelis* [Cnemidophorus] *tigris*) dry scrub/
chap. habitat
rosy boa (*Lichanura trivirgata*) dry upland scrub/chap. habitat,
rocky outcrops
eastern racer (*Coluber constrictor*) mesic lowlands
nightsnake (*Hypsiglena torquata*) dry upland scrub/chaparral habitat
coachwhip (*Masticophis flagellum*) large patches of dry upland

scrub/chap. habitat
striped racer (*Masticophis lateralis*) large patches of dry upland
scrub/chap. habitat
long-nosed snake (*Rhinocheilus lecontei*) dry upland scrub/chaparral
habitat
western patch-nosed snake (*Salvadora hexalepis*) dry upland scrub/chaparral
habitat
two-striped gartersnake (*Thamnophis hammondi*) open riparian
CA red-sided gartersnake (*Thamnophis sirtalis*) willow rip., adjacent dry
upland scrub/chap.
western threadsnake (*Leptotyphlops humilis*) dry upland scrub/
chaparral habitat

*** = introduced species**
